

IPMS NSW End of Year Competition – Entry Form

Model Description:	
Manufacturer:	
Scale:	
Competition Category:	
Entrant Notes: (e.g. additional work done)	

Model scores – to be filled by judges only

1 - CONSTRUCTION: Score out of 10	Score	
Alignment of parts - are there any incorrect gaps or misalignments showing on the model.		/10
Are major or minor fittings correctly positioned and aligned (<i>e.g. mirrors, antennas, gun barrels, external ordnance and the like</i>).		
2 - ATTENTION TO DETAIL: Score out of 10	Score	
Have any additional detail (internal or external) been added to the model (<i>e.g. panel lines, rivets, masts, antenna, aerials, etc</i>).		/10
Has detail been sanded / removed during construction (<i>e.g. panel lines, hatches or rivets</i>).		
3 - FINISH: Score out of 15	Score	
Are clear parts clear, and free of any blemishes or scratches.		/10
Does the paint work (<i>colour, texture, gloss/matt level</i>) look realistic for the subject.		
Is the paintwork finish free of blemishes such as runs, "orange peel" or overspray.		
Are decals flat to the surface and correctly aligned, without silvering or air bubbles.		
Is the weathering on the model appropriate or overdone.		
4 - EFFORT: Score out of 5	Score	
Does the model have any scratch-built parts		/5
Does overall finish involve complex or difficult decals and or colour schemes.		
4 – TOTAL SCORE		/ 35
